

THE ATTRIBUTES OF GOD

COMMUNICABLE

- BEING
- PURPOSE
- MENTAL
- MORAL
- SUMMARY
- INCOMMUNICABLE

To study God's attributes is to study his character, to answer questions like, Who is God? and What is God like? A typical classification of God's attributes divides them into those that are **incommunicable** (those that he does not share or "communicate" to anyone or anything else) and **communicable** (those that he shares with other beings). Like most theological classifications, this one is imperfect but still helpful as we seek to understand what is so far beyond ourselves.

God's communicable attributes can be further categorized into: attributes of God's being, mental attributes, moral attributes, attributes of purpose and "summary" attributes (attributes that, in a more particular way, modify each of the others).

It is important to consider that God is not simply the sum of his attributes. His attributes are not separate from one another, but each one modifies or qualifies each of the others.
